TUESDAY, SEPTEMBER 19TH, MELBOURNE, FL –Get ready to rock your world as the electrifying TESLA storms into town on January 13th for an unforgettable night of music, energy, and pure rock 'n' roll magic! With a legacy spanning decades and hits that have become anthems of a generation, TESLA is set to light up the stage and electrify the crowd. Get your tickets beginning Friday, September 22 at 10 AM online at KingCenter.com and noon at the King Center Ticket Office.

Saturday, January 13, 2024 – 8 PM – TESLA

TESLA'S 1986 platinum debut album, *Mechanical Resonance*, included Top 40 hits "Modern Day Cowboy" and "Little Suzi." 1989's double-platinum *The Great Radio Controversy* included hits "Heaven's Trail (No Way Out)" and "Love Song".

In 1990, TESLA helped reshape the face of modern rock music by stripping down to the *Five Man Acoustical Jam*, an informal collection of their biggest hits peppered with rock and roll classics by the Beatles, Stones, and others. This album produced their biggest hit single to date, a cover of Five Man Electrical Band's "Signs." Other 90s albums from Tesla include platinum selling *Psychotic Supper* and *Bust a Nut*. The band continues to record and release material including 9 new albums since 2000 and recently debuted their new single, "Time To Rock!"

TESLA has endured many of the same taste-changing challenges that affected many in the post grunge world, but through it all, their blue-collar work ethic and dedication to the faithful fan base

has helped them not just survive but thrive. TESLA's legacy is alive and well as they continue to record and sellout venues all over the world. As comfortable, rugged, and dependable as your favorite pair of boots, they endure. TESLA is a celebration of the greatest spirits of rock and roll.
